MR. PIYUSH I. TAMBOLI

Chairman & Managing Director

Dear Shareholders,

As we persist our journey of 45 years, since 1975, into investment casting manufacturing industry from being first casting manufacturing industry in Gujarat, to now having esteem recognition at national and global level we have outgrown ourselves , with each accomplishment of milestones of the company.

We would like to thank all our valuable stakeholder, for placing consistent faith and trust in your company Investment & Precision Castings Limited (I&PCL) in all times.

We look forward with optimism, with our leadership, which we believe , possesses the vision, mission , strength and resolve to steer in this intricate era, for growth , prosperity and well-bring for everyone.

We at I&PCL are forever grateful for your continued trust for over four decades. FY 2019-2020 has been a challenging year for I&PCL. As the banks became more stringent with car loans, the overall demand for vehicles has reduced. Automotive sector consists of our largest customer base and hence, the lower demand has had a major impact on our sales.

In-order to mitigate risks, I&PCL has increased focus on Non-Automotive sectors such as Aerospace, Defense and Medical Implants. We have made the necessary investments for the required equipment as well as received NADCAP certification for Non-Destructive Testing which is a major requirement for Aerospace & Defense clients.

As we get used to 'THE NEW NORMAL', we do see various other opportunities in the Automotive sector. Personal Vehicle demand is expected to go up as demand for public transport and ride sharing services are expected to fall due to social distancing norms. Moreover, the current slowdown in economy across the globe points towards interest rate-cuts which would further increase sales. Furthermore, the drop in crude oil prices could potentially boost global demand as well.

Currently, we are also witnessing a major shift in various supply-chains who are shifting from China to various other developing countries and India is expected to be a major beneficiary. This shift of major supply chains along with Modi-governments push for indigenization of various products is expected to boost our economy and provided major opportunities for Indian companies. The Indian Aerospace & Defense Sector which is a major target industry for indigenization has various components that I&PCL has developed and demand for components from these sectors is expected to grow. In-order to cater to these needs, I&PCL has planned for a separate Aerospace & Defense facility which shall be operational from March 2021.

I would like to conclude by thanking entire I & PCL team, all employees, working hard always for growth of the company as well as our customers, vendors and stakeholders who have made it possible for your company to maintain its journey of growth during a challenging phase of the Indian Economy.

I also wish to thank my fellow Board Members for their invaluable support.

Thanking You,

MR. PIYUSH I. TAMBOLI

MANAGEMENT DISCUSSION & ANALYSIS

INVESTMENT & PRECISION CASTING LIMITED, is well-known name since its establishment from 1975, within India, and making its presence in Global market by continues developments, by continue to provide its clients his valuable services.

Along with its current line of business in automobiles ancillary products, company is also focusing on Aerospace, Defense and Medical products and equipments, for which company has continued to mark his presence within India and across Globe.

OPPORTUNITIES:

Supply chains moving out of china is a major opportunity for growth in the future. Indigenization of goods & services will further provide I&PCL with opportunities to grow.

THREAT:

The Covid-19 Pandemic has generated uncertainty unlike any witnessed in the past and a second-wave as well as long-term economic impact of the situation is yet not known.

RISK CONCERN:

Covid-19 is a major concern which has been adversely affected the business across the world. Hopefully, we will be able to come out of this crisis within a year time as stated by noted economists and we are also hoping the same.

MITIGATION STRATEGIES:

Due to Covid-19, present economic situation is very distressing across the world especially in India. Q4 has just started growing and now it will take at least one year especially the auto segments, to come out of it. However, IPCL has made concerted efforts to improve the business situation by working towards aerospace, medical and export segments. The Company has already invested in various equipment's required for manufacturing Aerospace and Defense castings. Hence, the company expects good business opportunity ahead from these sectors.

INDEPENDENT AUDITOR'S REPORT

To

The Members of

INVESTMENT & PRECISION CASTINGS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Investment & Precision Castings Limited** ("the Company") which comprise the Balance Sheet as at 31st March 2020, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and the other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2020, of its loss, total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the

Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of matter

We draw your attention to Note 39 to the standalone financial statements which explains the uncertainties and the management's assessment of the financial impact due to lock-down and other restrictions and conditions related to the COVID-19 pandemic situation, for which definitive assessment of the impact in the subsequent period is highly dependent upon the circumstances as they evolve. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in our forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussion and Analysis, Shareholder's Information, but does not include the

standalone financial statements and auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Ind AS and accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern,

disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance, but is not a guarantee that audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatements of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of the internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosure, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant

audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India terms of sub-section (11) of section 143 of the Act, we give in the Annexure – A, a statement on the matters specified in clause 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;

- e. On the basis of written representations received from the directors as on 31st March 2020, and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2020, from being appointed as a director in terms section 164(2) of the Act;
- f. With respect to the adequacy of internal financial controls over financial reporting of the Company and operating effectiveness of such controls, our separate report in annexure – B may be referred;
- g. In our opinion and to the best of our information and according to the explanations given to us, remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses;

- iii. There has been no delay in transferring the amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE B – TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

We have audited the internal financial controls over financial reporting of **Investment & Precision Castings Limited** ("the Company") as of 31st March, 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical

requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that ,

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are

being made only in accordance with authorisations of management and directors of the company; and

3. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting.

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes forming part of the financial statements for the year ended 31st March 2020

COMPANY INFORMATION

Investment & Precision Castings Limited (the 'Company') is a public limited Company domiciled in India and incorporated on 3rd April 1975 under the provisions of the Companies Act applicable in India. The Company is engaged in the production of investment castings. The registered office of the Company is located at Nari Road, Bhavnagar – 364 006. The equity shares of the Company are listed on Bombay Stock Exchange (BSE).

The standalone Ind AS financial statements ('the financial statements') were authorized for issue in accordance with the resolution of the Board of Directors on 20th July, 2020.

i. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

I. Basis of preparation and measurement :

These financial statements are the separate financial statements of the Company (also called standalone financial statements) prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015, as applicable.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Company adopts operating cycle based on the project period and accordingly, all project related assets and liabilities are classified into current and non-current. The Company considers 12 months as normal operating cycle.

The Company's financial statements are reported in Indian Rupees, which is also the Company's functional currency, and all values are rounded to the nearest lacs except otherwise indicated.

II. Significant accounting policies :

a. System of accounting

The financial statements of the Company are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis as per the provisions of Companies Act, 2013 ("Act"), except in case of significant uncertainties.

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. It is held primarily for the purpose of being traded:

- It is expected to be realized within 12 months after the reporting date;
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.
- All other assets are classified as non-current.
- A liability is classified as current when it satisfies any of the following criteria:
 - It is expected to be settled in the Company's normal operating cycle;
 - It is held primarily for the purpose of being traded;
 - It is due to be settled within 12 months after the reporting date;
 - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- All other liabilities are classified as non-current.
- Deferred tax assets and liabilities are classified as non-current only.

b. Key accounting estimates

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires the management to make estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income, expenses and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Estimates and judgements are regularly revisited. Estimates are based on historical experience and other factors, including futuristic reasonable information that may have a financial impact on the Company.

c. Standards issued but not effective :

The amendments are proposed to be effective for reporting periods beginning on or after 1st April, 2020.

1. Ind AS 117 – Insurance Contracts:

Ind AS 117 supersedes Ind AS 104 Insurance Contracts. It establishes the principles for the recognition,

measurement, presentation and disclosure of insurance contracts within the scope of the standard. Under the Ind AS 117 model, insurance contract liabilities will be calculated as the present value of future insurance cash flow with a provision for risk. Application of this standard is not expected to have any significant impact on the Company's financial statements.

2. Amendments to existing standards:

Ministry of corporate affairs has carried out amendments of the following accounting standards:

- Ind AS 103 – Business Combination
- Ind AS 1 – Presentation of financial statements
- Ind AS 8 – Accounting policies, changes in accounting estimates and errors
- Ind AS 40 – Investment property

The company is in the process of evaluating the impact of the new amendments issued but not yet effective.

d. Property, plant and equipment

- i. Property, plant and equipment are stated at cost of acquisition including attributable interest and finance costs, if any, till the date of acquisition/installation of the assets less accumulated depreciation and accumulated impairment losses, if any.
- ii. Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the statement of profit and loss as incurred.

- iii. The cost and related accumulated depreciation are eliminated from the financial statements, either on disposal or when retired from active use and the resultant gain or loss are recognised in the statement of profit and loss.
- iv. Capital work-in-progress representing expenditure incurred in respect of assets under development and not ready for their intended use, are carried at cost. Cost includes related acquisition expenses, construction cost, related borrowing cost and other direct expenditure.
- v. On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at 1st April 2016 of its property, plant and equipment and use that carrying value as the deemed cost of the property, plant and equipment on the date of transition i.e. 1st April 2016 except for certain class of assets which are measured at fair value as deemed cost.
- vi. The Company depreciates property, plant and equipment on straight line value method over the estimated useful life prescribed in Schedule II of the Companies Act, 2013 from the date the assets are ready for intended use after considering the residual value.
- vii. Intangible assets represent implementation cost for software and other application software acquired/developed for in-house use. These assets are stated at cost. Cost includes related acquisition expenses, related borrowing costs, if any, and other direct expenditure.
- viii. Items of stores and spares that meet the definition of property, plant and equipment are capitalised at cost and depreciated over their useful life.
- Otherwise, such items are classified as inventories.
- e. Investments properties**
- a. Property which is held for long-term rental or for capital appreciation or both is classified as Investment Property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.
- b. Investment properties currently comprise of building.
- c. Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in Statement of Profit and Loss in the period in which the property is derecognised.
- f. Investments and financial assets**
- i. Investments in Subsidiary**
- Investments in subsidiary is recognised at cost and not adjusted to fair value at the end of each reporting period. Cost represents amount paid for acquisition of the said investments.
- The Company assesses at the end of each reporting period, if there is any indication that the said investments may be impaired. If so, the Company estimates the recoverable value of the investments and provides for impairment, if any, i.e. the deficit in the recoverable value over cost.

Upon first-time adoption of Ind AS, the Company has elected to measure its investments in subsidiary at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., 1st April, 2016.

ii. **Other investments and financial asset :**

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit or loss. In other cases, the transaction costs are attributed to the acquisition value of financial asset.

Financial assets are subsequently classified measured at –

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition except if and in the period the Company changes its business model for managing financial assets. Financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred the asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, financial asset is derecognised.

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade

receivables. Simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition.

g. **Inventories**

- i. Raw materials and stores and spares are valued at weighted average cost, including all charges in bringing the materials to the present location, or net realizable value, whichever is lower.
- ii. Finished goods and work-in-progress are valued at material cost plus direct expenses and appropriate value of overheads or net realizable value, whichever is lower.
- iii. Obsolete, slow moving and defective inventories are written off/valued at net realisable value during the year as per policy consistently followed by the Company.

h. **Cash and cash equivalents**

Cash and cash equivalents in the balance sheet comprises of balance with banks and cash on hand and short term deposits with an original maturity of three month or less, which are subject to insignificant risks of changes in value.

i. **Trade receivables**

A receivable is classified as a trade receivable if it is in respect of the amount due on account of goods sold or services rendered in the normal course of business. Trade receivables are recognised initially at fair value and subsequently measured net of any expected credit losses.

j. Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received.

k. Financial liabilities:

- (i) Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.
- (ii) Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Financial liabilities carried at fair value through profit and loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.
- (iii) Financial liabilities are derecognised when the obligation specified in the contract is discharged, cancelled or expired.

l. Trade Payables :

A payable is classified as a trade payable if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. These amounts are unsecured and are usually settled as per the payment terms. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

m. Revenue Recognition :

- i. Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at a point of time or over a period of time. Performance obligations satisfied over a period of time are recognised as per the terms of relevant contractual agreements/arrangements. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset.
- ii. Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, return and goods & service tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/discounts.
- iii. Domestic sales are accounted for on dispatch from point of sale corresponding to transfer of significant risks and rewards of ownership to the buyer. Export sales are recognised on the date of mate's receipt/shipped on board signifying transfer of risks and rewards of ownership to the buyer as per terms of sales and initially recorded at the relevant exchange rates prevailing on the date of transaction.
- iv. Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are reasonably expected to be fulfilled.
- v. Revenue in respect of other income is recognised on accrual basis. However, where the ultimate collection of the same lacks reasonable certainty, revenue recognition is postponed to the extent of uncertainty.

n. Foreign currency transactions :

- i. Items included in the financial statements are measured using the currency of primary

economic environment in which the company operates (“the functional currency”). The financial statements are presented in Indian Rupee (INR), which is the company’s functional and presentation currency.

- ii. Foreign currency transactions are initially recorded in the reporting currency at foreign exchange rate on the date of the transaction.
- iii Monetary items of current assets and current liabilities denominated in foreign currencies are reported using the closing rate at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.
- iv. The gain or loss on decrease/increase in reporting currency due to fluctuations in foreign exchange rates are recognised in the statement of profit or loss.

o. Employee benefit expenses

- (i) Contributions to defined contribution schemes such as provident fund, employees’ state insurance, labour welfare fund etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. These benefits are classified as defined contribution schemes as the Company has no further obligations beyond the monthly contributions.
- (ii) The Company provides for gratuity which is a defined benefit plan, the liabilities of which are determined based on valuations, as at the reporting date, made by an independent actuary using the projected unit credit method. Re-measurement comprising of actuarial gains and losses, in respect of gratuity are recognised in the other comprehensive income in the period in which they occur. The classification of the Company’s obligation into current and non-

current is as per the actuarial valuation report.

- (iii) The employees are entitled to accumulate leave subject to certain limits, for future encashment and availment, as per the policy of the Company. The liability towards such unutilised leave as at the end of each balance sheet date is determined based on independent actuarial valuation and recognised in the Statement of Profit and Loss.

p. Borrowing costs

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Also, the effective interest rate amortisation is included in finance costs. Borrowing costs relating to acquisition, construction or production of a qualifying asset which takes substantial period of time to get ready for its intended use are added to the cost of such asset to the extent they relate to the period till such assets are ready to be put to use. All other borrowing costs are expensed in the statement of profit and loss in the period in which they occur.

q. Taxation :

- i. Current income tax is recognised based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.
- iii. Deferred tax is determined by applying the balance sheet approach. Deferred tax assets and liabilities are recognised for all deductible temporary differences between the financial statements’ carrying amount of existing assets and liabilities and their respective tax base. Deferred tax assets and

liabilities are measured using the enacted tax rates or tax rates that are substantively enacted at the reporting date. The effect on deferred tax assets and liabilities of a change in tax rates is recognised in the period that includes the enactment date. Deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Such assets are reviewed at each reporting date to reassess realisation. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities.

r. Provisions and contingent liabilities

The Company creates a provision when there is present obligation (legal or constructive) as a result of past events that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events. Contingent assets are neither recognised nor disclosed in the financial statements.

s. Impairment of non financial assets

As at each reporting date, the Company assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the

impairment was recognised, then the previously recognised impairment loss is reversed through the statement of profit and loss.

t. Lease

The Company, as a lessee, recognises a right-of-use asset for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

u. Earnings Per Share

i. Basic earnings per share is computed by dividing the net profit or loss for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

ii. For the purpose of calculating diluted earning per share, the net profit or loss for the period

attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

v. **Segment reporting**

The Company publishes this financial statement along with the consolidated financial statements. In accordance with Ind AS 108, Operating Segments, the Company has disclosed the segment information in the consolidated financial statements.

w. **Offsetting instruments**

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

x **Events after the reporting period**

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue.

Non-adjusting events are events that are indicative of conditions that arose after end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

Notes forming part of the financial statements for the year ended 31st March 2020 (Contd.)**NOTE 33: FINANCIAL RISK MANAGEMENT**

The Company's activities expose it to credit risk, liquidity risk and market risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, financial assets and trade receivables	Credit ratings/ Aging analysis, credit evaluation	Diversification of counter parties, investment limits, check on counter parties basis credit rating and number of overdue days
Liquidity Risk	Other liabilities	Maturity analysis	Maintaining sufficient cash/cash equivalents and marketable securities
Market Risk	Financial assets and liabilities not denominated in INR	Sensitivity analysis	Constant evaluation and proper risk management policies

The Board provides guiding principles for overall risk management as well as policies covering specific areas such as foreign exchange risk, credit risk and investment of surplus liquidity.

A. Credit Risk :

Credit risk refers to the risk of a counter party default on its contractual obligation resulting into a financial loss to the Company. The maximum exposure of the financial assets represents trade receivables, work in progress and other receivables.

In respect of trade receivables, the Company uses a provision matrix to compute the expected credit loss allowances for trade receivables in accordance with the expected credit loss (ECL) policy of the Company. The Company regularly reviews trade receivables and necessary provisions, wherever required, are made in the financial statements.

B. Liquidity Risk :

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet its commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial assets quickly at close to its fair value.

The Company manages liquidity risk by maintaining adequate reserves and banking facilities by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

Contractual maturities of significant financial liabilities are as follows:

C. Market Risk :

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

Notes forming part of the financial statements for the year ended 31st March 2020 (Contd.)

The Company has several balances in foreign currency and consequently, the Company is exposed to foreign exchange risk. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

A. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

B. Interest rate sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(INR in Lacs)

Particulars	Increase/decrease in basis points	Effect of profit before tax
March 31, 2020	+100	58.43
	-100	(58.43)
March 31, 2019	+100	57.28
	-100	(57.28)

Company's exposure to foreign currency risk at the end of each reporting period is as under:

C. Exposure in foreign currency – Unhedged :

Currency	31st March 2020	31st March 2019
USD	877	12,415
Euro	116,901	22,852

A. Foreign currency sensitivity :

The Company is mainly exposed to changes in USD, GBP and EURO. The below table demonstrates the sensitivity to a 5% increase or decrease in the USD, GBP and EURO against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate.

NOTE 34: CAPITAL MANAGEMENT

The Company's capital management objective is to maximise the total shareholders' returns by optimising cost of capital through flexible capital structure that supports growth. Further, the Company ensures optimal credit risk profile to maintain/enhance credit rating.

The Company determines the amount of capital required on the basis of annual operating plan and long-term strategic plans. The funding requirements are met through internal accruals and long-term/short-term borrowings. The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the company.

The following table summarises the capital of the Company:

INDEPENDENT AUDITORS' REPORT – CONSOLIDATED FINANCIAL STATEMENT

To
The Members of
INVESTMENT & PRECISION CASTINGS LIMITED

Report on the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Investment & Precision Castings Limited** ("the Holding Company") and its wholly-owned subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March 2020, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended and notes to the consolidated financial statements, a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of other auditors on separate financial statements of the subsidiary referred to in the Other Matters paragraph below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and the other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2020, of its consolidated loss, consolidated total comprehensive loss, consolidated changes in equity and

consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Emphasis of matters

We draw your attention to Note 41 to the consolidated financial statements which explains the uncertainties and the management's assessment of the financial impact due to lock-down and other restrictions and conditions related to the COVID-19 pandemic situation, for which definitive assessment of the impact in the subsequent period is highly dependent upon circumstances as they evolve.

Our opinion is not modified in respect of this matter.

Key audit matters

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in our forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussion and Analysis, Shareholder's Information, but does not include the consolidated financial statements and auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance, but is not a guarantee that audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatements of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of the internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the

Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosure, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial

statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

- The consolidated Ind AS financial statements include financial statements of a wholly-owned subsidiary which reflect total assets of Rs. 57.76 lacs as at 31st March, 2020, total revenues ₹ Nil and net loss after tax (including other comprehensive income) of Rs. 5.17 lacs for the year as considered in the Consolidated Financial Statements. These financial statements are audited by other auditors whose report has been furnished to us by the management and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to aforesaid subsidiary is based solely on the report of the other auditors.

Our opinion on the consolidated financial statements above and our report on other Legal and Regulatory Requirements below is not modified in respect of the these matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of a subsidiary as noted in the “Other Matters” paragraph above, we report, to extent possible, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of other auditors;
 - c) The consolidated balance sheet, the consolidated statement of profit and loss, including other comprehensive income, consolidated cash flow statement and the consolidated statement of changes in equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;

- e) On the basis of the written representations received from the directors as on 31st March 2020 and taken on record by the Board of Directors of the Holding Company and the report of statutory auditors of its subsidiary company incorporated in India, none of the directors of the Group is disqualified as on 31st March 2020, from being appointed as a director in terms section 164(2) of the Act.
- f) With respect to the adequacy of internal financial controls over financial reporting of the Holding Company and its subsidiary incorporated in India and operating effectiveness of such controls, our separate report in annexure – A may be referred.
- g) In our opinion and to the best of our information and according to the explanations given to us and according to the reports of the statutory auditors of the subsidiary company incorporated in India, remuneration paid by the Holding Company and its subsidiary company incorporated in India, to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
- i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group;
- ii) The Group did not have any material foreseeable losses on long-term contracts including derivatives contracts;
- iii) There has been no delay in transferring the amounts, required to be transferred to the Investor Education and Protection Fund by the Holding company or its subsidiary incorporated in India.

ANNEXURE – A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

We have audited the internal financial controls over financial reporting of **Investment & Precision Castings Limited** ("the Holding Company") and its wholly-owned subsidiary (the Holding Company and its subsidiary together referred to as "the Group") which are companies incorporated in India as of 31st March, 2020 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that -

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods

are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal controls over financial reporting in so far as it relates to subsidiary incorporated in India, is based solely on the corresponding reports of the statutory auditors of such company. Our opinion is not modified in respect of this matter.

Notes forming part of the consolidated financial statements for the year ended 31st March 2020

COMPANY INFORMATION

Investment & Precision Castings Limited (the 'Company') is a public limited Company domiciled in India and incorporated on 3rd April 1975 under the provisions of the Companies Act applicable in India. The Parent Company together with its subsidiaries (collectively referred as the "Group") is engaged in the production of investment castings. The registered office of the Company is located at Nari Road, Bhavnagar – 364 006. The equity shares of the Company are listed on Bombay Stock Exchange (BSE).

The consolidated financial statements ('the financial statements') were authorized for issue in accordance with the resolution of the Board of Directors of the Company on 20th July, 2020.

1. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

i. Basis of preparation and measurement:

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 and the Companies (Indian Accounting Standards) Rules, 2015, as applicable.

The consolidated financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Group adopts operating cycle based on the project period

and accordingly, all project related assets and liabilities are classified into current and non-current. The Group considers 12 months as normal operating cycle.

The Group's financial statements are reported in Indian Rupees, which is also the Group's functional currency, and all values are rounded to the nearest lacs except otherwise indicated.

ii. Significant accounting policies:

a. System of accounting

The financial statements of the Group are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis as per the provisions of Companies Act, 2013 ("Act"), except in case of significant uncertainties.

The Group presents assets and liabilities in the balance sheet based on current/non-current classification. It is held primarily for the purpose of being traded:

- It is expected to be realized within 12 months after the reporting date;
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.
- All other assets are classified as non-current.
- A liability is classified as current when it satisfies any of the following criteria:
 - It is expected to be settled in the Group's normal operating cycle;
 - It is held primarily for the purpose of being traded;

- It is due to be settled within 12 months after the reporting date;
 - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- All other liabilities are classified as non-current.
 - Deferred tax assets and liabilities are classified as non-current only.

b. Key accounting estimates

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires the management to make estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income, expenses and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Estimates and judgements are regularly revisited. Estimates are based on historical experience and other factors, including futuristic reasonable information that may have a financial impact on the Group.

c. Standards issued but not effective :

The amendments are proposed to be effective for reporting periods beginning on or after 1st April, 2020.

1. Ind AS 117 – Insurance Contracts :

Ind AS 117 supersedes Ind AS 104 Insurance Contracts. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the standard. Under the Ind AS 117 model, insurance contract liabilities will be calculated as the present value of future insurance cash flow with a provision for risk. Application of this standard is not expected to have any significant impact on the Group's financial statements.

2. Amendments to existing standards :

Ministry of corporate affairs has carried out amendments of the following accounting standards:

- Ind AS 103 – Business Combination
- Ind AS 1 – Presentation of financial statements
- Ind AS 8 – Accounting policies, changes in accounting estimates and errors
- Ind AS 40 – Investment property

The group is in the process of evaluating the impact of the new amendments issued but not yet effective.

iii. Basis for consolidation:

The financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of the subsidiary used for the purpose of consolidation are drawn up to same reporting date as that of the parent company.

These consolidated financial statements include results of a wholly-owned subsidiary company, I&PCL Vacuum Cast Limited consolidated in accordance with Ind AS 110 "Consolidated Financial Statements" and have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Act.

The consolidated financial statements have been prepared on the following basis:

Subsidiaries

a. A subsidiary is an entity over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Company.

- b. The Company combines the financial statements of the parent and its wholly-owned subsidiary company on a line by line basis, adding together like items of assets, liabilities, equity, income and expenses. Inter-company transactions, balances and unrealized gains on transactions among the Group are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries are consistent with the policies adopted by the Company.
- c. A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction. If the Company loses control over a subsidiary, it derecognizes the assets, liabilities, carrying amount of any non-controlling interests and the cumulative translation differences recorded in equity.

iv. Property, plant and equipment

- i. Property, plant and equipment are stated at historical cost of acquisition including attributable interest and finance costs, if any, till the date of acquisition/installation of the assets less accumulated depreciation and accumulated impairment losses, if any.
- ii. Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the statement of profit and loss as incurred.
- iii. The cost and related accumulated depreciation are eliminated from the

financial statements, either on disposal or when retired from active use and the

resultant gain or loss are recognised in the statement of profit and loss.

iv. Capital work-in-progress representing expenditure incurred in respect of assets under development and not ready for their intended use, are carried at cost. Cost includes related acquisition expenses, construction cost, related borrowing cost and other direct expenditure.

v. On transition to Ind AS, the Group has opted to continue with the carrying values measured under the previous GAAP as at 1st April 2016 of its property, plant and equipment and use that carrying value as the deemed cost of the property, plant and equipment on the date of transition i.e. 1st April 2016 except for certain class of assets which are measured at fair value as deemed cost.

vi. The Group depreciates property, plant and equipment on straight line value method over the estimated useful life prescribed in Schedule II of the Companies Act, 2013 from the date the assets are ready for intended use after considering the residual value.

vii. Intangible assets represent implementation cost for software and other application software acquired/developed for in-house use. These assets are stated at cost. Cost includes related acquisition expenses, related borrowing costs, if any, and other direct expenditure.

viii. Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over

their useful life. Otherwise, such items are classified as inventories.

v. Investments properties

a) Property which is held for long-term rental or for capital appreciation or both is classified as Investment Property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

b) Investment properties currently comprise of building.

c) Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in Statement of Profit and Loss in the period in which the property is derecognised.

vi. Investments and financial assets:

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit or loss. In other cases, the transaction costs are attributed to the acquisition value of financial asset.

Financial assets are subsequently classified measured at –

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition except if and in the period the Group changes its business model for managing financial assets.

Financial asset is derecognised only when the Group has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred the asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, financial asset is derecognised.

In accordance with Ind AS 109, the Group applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition.

vii. Inventories:

- (i) Raw materials and stores and spares are valued at weighted average cost, including all charges in bringing the materials to the present location, or net realizable value, whichever is lower.

- (ii) Finished goods and work-in-progress are valued at material cost plus direct expenses and appropriate value of overheads or net realizable value, whichever is lower.

- (iii) Obsolete, slow moving and defective inventories are written off/valued at net realisable value during the year as per policy consistently followed by the Company.

VIII. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprises of balance with banks and cash on hand and short-term deposits with an original maturity of three month or less, which are subject to insignificant risks of changes in value.

IX. Trade receivables

A receivable is classified as a trade receivable if it is in respect of the amount due on account of goods sold or services rendered in the normal course of business. Trade receivables are recognised initially at fair value and subsequently measured net of any expected credit losses.

X. Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received.

• **Financial liabilities:**

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

- Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Financial liabilities carried at fair value through profit and loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.
- Financial liabilities are derecognised when the obligation specified in the contract is discharged, cancelled or expired.

XI. Trade payables :

A payable is classified as a trade payable if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Group prior to the end of the financial year which are unpaid. These amounts are unsecured and are usually settled as per the payment terms. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

XII. Revenue Recognition :

- Revenue from contract with customers is recognised when the Group satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at a point of time or over a period of time. Performance obligations satisfied over a period of time are recognised as per the terms of relevant contractual agreements/arrangements. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset.
- Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts,

return and goods & service tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/discounts.

- Domestic sales are accounted for on dispatch from point of sale
- corresponding to transfer of significant risks and rewards of ownership to the buyer. Export sales are recognised on the date of mate's receipt/shipped on board signifying transfer of risks and rewards of ownership to the buyer as per terms of sales and initially recorded at the relevant exchange rates prevailing on the date of transaction.
- Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are reasonably expected to be fulfilled.
- Revenue in respect of other income is recognised on accrual basis. However, where the ultimate collection of the same lacks reasonable certainty, revenue recognition is postponed to the extent of uncertainty.

XIII. Foreign currency transactions :

Items included in the financial statements are measured using the currency of primary economic environment in which the company operates ("the functional currency"). The financial statements are presented in Indian Rupee (INR), which is the company's functional and presentation currency.

Foreign currency transactions are initially recorded in the reporting currency at foreign exchange rate on the date of the transaction.

Monetary items of current assets and current liabilities denominated in foreign currencies are reported using the closing rate at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

The gain or loss on decrease/increase in reporting currency due to fluctuations in foreign exchange rates are recognised in the statement of profit or loss.

XIV. Employee benefit expenses :

- i. Contributions to defined contribution schemes such as provident fund, employees' state insurance, labour welfare fund etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. These benefits are classified as defined contribution schemes as the Group has no further obligations beyond the monthly contributions.
- ii. The Company provides for gratuity which is a defined benefit plan, the liabilities of which are determined based on valuations, as at the reporting date, made by an independent actuary using the projected unit credit method. Re-measurement comprising of actuarial gains and losses, in respect of gratuity are recognised in the other comprehensive income in the period in which they occur. The classification of the Group's obligation into current and non-current is as per the actuarial valuation report.
- iii. The employees are entitled to accumulate leave subject to certain limits, for future encashment and availment, as per the policy of the Group. The liability towards such unutilised leave as at the end of each

balance sheet date is determined based on independent actuarial valuation and recognised in the Statement of Profit and Loss.

XV. Borrowing costs

Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds. Also, the effective interest rate amortisation is included in finance costs. Borrowing costs relating to acquisition, construction or production of a qualifying asset which takes substantial period of time to get ready for its intended use are added to the cost of such asset to the extent they relate to the period till such assets are ready to be put to use. All other borrowing costs are expensed in the statement of profit and loss in the period in which they occur.

XVI. Taxation

- Current income tax is recognised based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.
- Deferred tax is determined by applying the balance sheet approach. Deferred tax assets and liabilities are recognised for all deductible temporary differences between the financial statements' carrying amount of existing assets and liabilities and their respective tax base. Deferred tax assets and liabilities are measured using the enacted tax rates or

tax rates that are substantively enacted at the reporting date. The effect on deferred tax assets and liabilities of a change in tax rates is recognised in the period that includes the enactment date. Deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Such assets are reviewed at each reporting date to reassess realisation. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities.

XVII. Provisions and contingent liabilities :

The Group creates a provision when there is present obligation (legal or constructive) as a result of past events that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events. Contingent assets are neither recognised nor disclosed in the financial statements.

XVIII. Leases

The Group, as a lessee, recognises a right-of-use asset for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of

the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

XIX. Impairment of non-financial assets :

As at each reporting date, the Group assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through the statement of profit and loss.

XX. Earnings Per Share

- Basic earnings per share is computed by dividing the net profit or loss for the period attributable to the equity shareholders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity

shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

- For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

adjusting events after the reporting date are not accounted, but disclosed.

XXI. Segment reporting

Operating Segments are reported in manner which is consistent with the internal reporting system of the Company. The Chief Operating Decision Maker (CODM) is responsible for allocating the resources and reviews performance.

XXII. Offsetting instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

XXIII. Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue. Non-adjusting events are events that are indicative of conditions that arose after end of the reporting period. NOTE 33 : FINANCIAL RISK MANAGEMENT

The Company's activities expose it to credit risk, liquidity risk and market risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, financial assets and trade receivables	Credit ratings/ Aging analysis, credit evaluation	Diversification of counter parties, investment limits, check on counter parties basis credit rating and number of overdue days
Liquidity Risk	Other liabilities	Maturity analysis	Maintaining sufficient cash/cash equivalents and marketable securities
Market Risk	Financial assets and liabilities not denominated in INR	Sensitivity analysis	Constant evaluation and proper risk management policies

The Board provides guiding principles for overall risk management as well as policies covering specific areas such as foreign exchange risk, credit risk and investment of surplus liquidity.

A. Credit Risk :

Credit risk refers to the risk of a counter party default on its contractual obligation resulting into a financial loss to the Company. The maximum exposure of the financial assets represents trade receivables, work in progress and other receivables.

In respect of trade receivables, the Company uses a provision matrix to compute the expected credit loss allowances for trade receivables in accordance with the expected credit loss (ECL) policy of the Company. The Company regularly reviews trade receivables and necessary provisions, wherever required, are made in the financial statements.

B. Liquidity Risk :

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet its commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial assets quickly at close to its fair value.

The Company manages liquidity risk by maintaining adequate reserves and banking facilities by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

Contractual maturities of significant financial liabilities are as follows:

C. Market Risk :

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

Notes to the Consolidated Financial Statement for the year ended 31st March, 2020 (Contd.)

The Company has several balances in foreign currency and consequently, the Company is exposed to foreign exchange risk. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

A. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

B. Interest rate sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(INR in Lacs)

Particulars	Increase/decrease in basis points	Effect of profit before tax
March 31, 2020	+100	58.43
	-100	(58.43)
March 31, 2019	+100	57.28
	-100	(57.28)

Company's exposure to foreign currency risk at the end of each reporting period is as under:

A. Exposure in foreign currency – Unhedged :

Currency	31st March 2020	31st March 2019
USD	877	12,415
Euro	116,901	22,852

B. Foreign currency sensitivity :

The Company is mainly exposed to changes in USD, GBP and EURO. The below table demonstrates the sensitivity to a 5% increase or decrease in the USD, GBP and EURO against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate.

NOTE 34 : CAPITAL MANAGEMENT

The Company's capital management objective is to maximise the total shareholders' returns by optimising cost of capital through flexible capital structure that supports growth. Further, the Company ensures optimal credit risk profile to maintain/enhance credit rating.

The Company determines the amount of capital required on the basis of annual operating plan and long-term strategic plans. The funding requirements are met through internal accruals and long-term/short-term borrowings. The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the company.

The following table summarises the capital of the Company:

NOTE 39 : SEGMENT REPORTING

The Group is organised into business units based on its products and services and has identified two reportable segments as follows:

- a. Investment Castings
- b. Wind Mill

The management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. The Group's financing (including finance costs and finance income) and income taxes are managed on a Group basis and are not allocated to operating segments.
